The Pen Recycling Program

1 Student's Pen Runs out of ink.

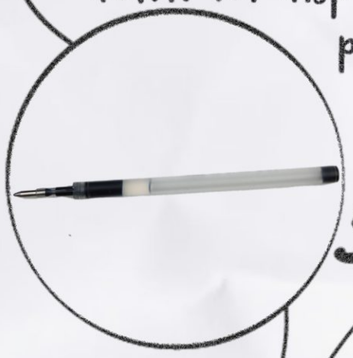

2 Instead of throwing out the pen they visit a drop off-pick up point.

3 The Student removes the Ink Cartridgefrom their pen, and drops it into the box.

4 They then pick up a free metal ink cartrige, and put it back into their old pen casing.

5 The old ink cartridge is refilled if it's metal, or cleaned, and broken down for disposal if plastic.

6 The Student the pen once again until the new ink runs out.
